

Upcoming April events for current Taosers:

Upcoming UNIX Office Hours topics:

- April 8 - More with Less - George Herbert
- April 15 - Radius/Ldap basics - Michael Delaney
- April 22 - Filers - George Herbert
- April 29 - Advanced DNS - Jong Yoon

Tuesday, April 14, 6:30p-8:30p: Linux Workshop – UNIX Practice Leader, Jong Yoon, will be delivering a hands-on workshop series that will demonstrate how to set-up Linux servers for web and email. Each of the 4 sessions will be a hands-on lab highlighting an essential element of Linux.

Junior UNIX systems administrators who are looking for practical basic Linux training or Windows systems administrators who want to expand their skills into the Linux arena are encouraged to enroll. Since each class is contingent upon the next, *you must be able to attend all 4 sessions to register for the course.*

For future Practice Management events, please check the calendar of events on the Taos VTC www.taosvtc.com. Attendance is available for current Taosers only and registration is available on the calendar of events. All events are held at the Taos office, unless otherwise noted. For other inquiries, email nsu@taos.com.
